THE MONTHLY LOG OF THE HUDSON BEACH YACHT CLUB

Volume XXIII Number 7 July 2009 [www.myhbyc.com](http://www.myhbyc.com)

## July 25<sup>th</sup> Great Scallop Hunt

Rally Point: 28 32.527 N, 082 44.050 W

The recreational harvest season for bay scallops began July 1 and continues through September 10. Open scalloping areas on Florida's Gulf coast extend from the west bank of the Mexico Beach Canal in Bay County to the Pasco-Hernando county line near Aripeka.

You can take bay scallops only within the allowable harvest areas. It is illegal to possess bay scallops while you're in or on state waters outside the open harvest areas, or to land bay scallops outside the open areas.

There is a daily limit of 2 gallons of whole bay scallops in the shell or 1 pint of bay scallop meat per person during the open season. In addition, no more than 10 gallons of whole bay scallops in the shell or one-half gallon of bay scallop meat may be possessed aboard any vessel at any time.

You are allowed to harvest bay scallops only by hand or with a landing or dip net, and bay scallops may not be harvested for commercial purposes.

Unless otherwise exempt, you will need a regular Florida saltwater fishing license when using a boat to harvest scallops. If wading from shore, starting Aug. 1, you will need a regular Florida saltwater fishing license or the new shore-based license.

Divers and snorkelers are required to display a "divers-down" flag (red with a white diagonal stripe) while in the water. Boaters must stay at least 100 feet away from a divers-down flag in a river, inlet or channel. In open waters, boaters must stay 300 feet away from a divers-down flag. For more information on divers-down flag requirements, visit [MyFWC.com/RULESANDREGS/Rules\\_Boat.htm#flag](http://MyFWC.com/RULESANDREGS/Rules_Boat.htm#flag).

The Florida Fish and Wildlife Conservation Commission encourages you to adhere to scallop fishing regulations and collect only the amount of bay scallops you are willing to clean.

### Legal Requirements

In Florida, commercial harvest of bay scallops is banned. In general, recreational scallopers between the ages of 16 and 65 must have a current Florida saltwater fishing license to collect scallops. There are some exceptions; these are listed in the FWC "Florida Recreational Saltwater Fishing Regulations," which is available in bait shops, FWC offices, or at the [FWC web site](http://www.fwc.com). All non-residents over the age of 16 are required to buy a license unless they are fishing (scalloping) from a for-hire vessel (guide, charter, party boat) that has a valid vessel license. Open season is July 1 through September 10 each year. Harvesting is allowed from the Mexico Beach Canal (just west of the Bay-Gulf county line) to the Pasco-Hernando county line (near Aripeka). The bag limit is 2 gallons of whole scallops (in

the shell), or 1 pint of scallop meats per person per day. In addition, no more than 10 gallons of whole scallops or 1/2 gallon of scallop meats may be possessed aboard any vessel at any time. You may harvest scallops only by hand or with a landing or dip net. Scallopers must remain in the legal scalloping area while in possession of scallops on the water, including the point where they return to land.

### Equipment Needed

A boat is usually required to get to the best scalloping areas. In shallow water, it is possible to wade for scallops in the seagrass, or to collect them from a shallow-draft boat using a dip net or landing net, but these methods are not very productive. Most recreational scallopers go by boat into water 4 to 10 feet deep where they anchor, put up their dive flag, and get into the water and snorkel over the beds, spotting and collecting the scallops by hand. You will need a mask, snorkel, fins, and a small mesh bag. A "diver-down" flag (20" x 24") must be displayed from the boat while snorkelers are in the water, or each swimmer must be tethered to a buoyed 12" x 12" dive flag. The tethered buoy is also mandatory if a person uses a mask and snorkel from the beach in an area not customarily used for swimming (a marked swimming area).

### Collecting

Scallops may be spotted on or near the bottom of seagrass beds, usually just laying on their ventral shells. Often, they are in borderline areas where the sand/mud bottom meets the edge of the grasses. Some collectors wear gloves, but they are not necessary. While some scallops will try to swim away, they do not swim fast or far. Keep collected scallops in a bag, rather than in a pocket or in your bathing suit. They can pinch!

### Clean and Wrapping

When brought to the boat, scallops should be immediately placed on ice in a cooler for the trip to shore unless it's decided to clean the scallops while on the water. Scallops are quite sensitive to temperature and will quickly die if they are not kept cold. Even if kept cold, scallops will usually die shortly after being placed on ice, especially if fresh water gets into their shells. Placing them on ice, however, makes them easier to open, because the muscle holding the shells together relaxes. A scallop, clam or oyster knife can be used to open the shells and cut the meats. A teaspoon is also a suitable cleaning tool if the shell has relaxed enough to get it inserted. Most Americans only eat the scallop muscle; however, in many other parts of the world the entire animal is eaten, much like we eat clams and oysters.

## Commodore's Corner

July 2009

Well if you missed the Commodores picnic, you missed a great time and also Sun Stroke. It was HOT! Over 60 souls attended and now we know how warm it will be if we die and don't go to heaven! Just a thought! How about scheduling this event in January or February when it's only 75 degrees during the day??

Thanks to the folks who you can always depend on; the Sperry's and Colson's for their total support and subjecting their homes to this yearly event. Thanks also to everyone that prepared the fantastic covered dish food.

The Firecracker cruise was an event to remember. A fantastic sail to Clearwater and a great anchorage at Bellaire. Seven sailboats from the Hud and no one dragged during the night. It doesn't get any better than this! The next day brought a swim in the gulf with a resident dolphin and some fine dogs and brats prepared by the Colson "Master Cook". (If you have an upcoming event, please consider hiring Guy to do your cooking)

So what's up?? Next month promises more adventures than a normal person can endure! So why be normal?

The Great Scallop Hunt is scheduled for the 25<sup>th</sup>. My special covert sources say it will be tough going, but who cares? This is a great event for power boaters but "Lady" will be there for moral support. We need the power boat fleet to come out for this event so give Paul a call. Lady In Red will also have the "Scallop Queen" on board, so hopefully I will get more than 2 bivalves and not lose my mother in law this year.

Breakfast on the Beach is scheduled for the 18<sup>th</sup>. This is the best deal in town so please make sure you let the social committee know you are coming. Thanks again to all that make this fantastic monthly event happen.

The generous one year Boat US towing insurance door prize was won by Sandy Mooney. Sandbar Bill was very envious!

Enough for now, my wife says I need to clean out the attic.

Gene

# Social Committee

On July 18th, please join us at our monthly Breakfast on the Beach behind Sam's in the pavilion. Please reserve a spot by Wednesday, July 15th by calling 727-514-9730. The breakfast cost \$3.00 if you reserve a spot. All others pay \$4.00. If you have to cancel, please call me at the above number. This helps us out with buying the right amount of food.

Looking forward to seeing you there! *Mercie*

## Racing news

### HBYC Fun Race June 13, 2009

After the St. Martin's Death March, the greatest wish of all the skippers at the Captain's meeting was that we'd have decent winds. The forecast was for a W-NW wind in the 10-14kt range at race time and only a slight chance of a shower.

As race time approached, winds were a steady 10kts from the NW almost dead on the bearing to the first turn – Oh no not again! Victor Tropiano on **Shark Byte** was our committee boat. The racers were: **Time 2 Cruise**, **GRAFX**, **Soiree'**, **Bayou Girl**, **Sounds Good**, **Lady in Red**, **Al Di La** [George Martin's **McGregor 26**], **Illikai**, and **Inspiration**.

We had a great start with all boats getting off well. **Lady in Red** started taking a very deep drop to get the most speed from the wind. **Time 2 Cruise**, **GRAFX**, **Sounds Good**, **Bayou Girl**, **Al Di La**, **Illikai**, and **Inspiration** were in a tight grouping trying to get a tight pinch going. Question was - where is **Soiree'**??

After a scan of the fleet there she was – pointing almost dead on the mark and making good time. Many tried to pinch the wind more to counter **Soiree's** tack but all that was achieved was the loss of headway. The fleet began to disperse. **Lady in Red** and **Illikai** looked like they were making a bee line for Crystal River. **Soiree** was buzzing their way ahead of the fleet on a seemingly direct line for the turn and the rest of the fleet was trying to figure how to catch **Soiree**.

**Lady in Red** took a tack and was headed across everyone's bow at a crisp pace, **Illikai** kept heading north and **Soiree** was pointed right at the mark making good time. From this point things turned into a tacking and position duel of massive proportion with the entire fleet involved except of course **Soiree**, who were watching us flailing about in her wake.

There were a few close calls but no broken plastic. Tom Sperry's son got a moment to remember when Guy Colson gave him the wheel of **Inspiration** so he could go up front and get a better view of the tacking duels taking place. Timing is everything and just about the time when Guy got himself positioned to see the action, **Time 2 Cruise** took a tack right in front of him. Young Mr. Sperry had quite a look in his eyes and many sailors' curses pouring out of his lips. Guy was making like Tarzan bolting back to the wheel!

While all this was going on **Soiree** made it to the turn on a single tack and was almost to the second turn by the time the next boat rounded the mark. From that point on – unless **Soiree** hit a rock and sank (highly unlikely) – it was a race for second place.

George Martin on **Al Di La** discovered not too long after the start that there were not enough rum rations for captain and crew so **Al Di La** decided to drop out of the race and return to port to re-provision. All other boats finished the race.

Many thanks and a Certificate of Appreciation to: Victor Tropiano of **Shark Byte** for Committee Boat.

Race Results are:

- Third Place – **Lady in Red** – Captain Gene Michaux
- Second Place – **Sounds Good** – Captain Tibor Kormanyos
- First Place – **Soiree'** - Captain Jack Kuhlmann

Other Finishers

- 4<sup>th</sup> – **GRAFX** – Captain Skip Beatty
  - 5<sup>th</sup> – **Time 2 Cruise** – Captain Don Himes
  - 6<sup>th</sup> – **Illikai** – Captain Jim Kitzler
  - 7<sup>th</sup> – **Bayou Girl** – Captain Byron Pepler
  - 8<sup>th</sup> – **Inspiration** – Captain Guy Colson
  - DNF – **Al Di La** – Captain George Martin
- All other boats in fleet – 10 points awarded.

Continued on following page

**Boat of the Year Standings – As of June Fun Race**

**1<sup>st</sup> Place with 7 points – Soiree – Jack Kuhlmann**

**2<sup>nd</sup> Place with 13 points – GRAFX – Skip Beatty**

**3<sup>rd</sup> Place with 20 points (tied) – Lady in Red – Gene Michaux and Bayou Girl – Byron Pepler**

**Within 5 points of 3<sup>rd</sup> – Sounds Good, Time 2 Cruise, and Cat-Can-Do**

Submitted by: Don Himes ,Race Director

**Upcoming Races:**

**August 8<sup>th</sup>: Scandia Cup – This is a trophy race. Entry fee is \$15/boat. Winner gets a plate on the Scandia Cup trophy plus a plaque. 2<sup>nd</sup> & 3<sup>rd</sup> get plaques. Race Tees available at \$12.00@. If you want a tee – call or email Don Himes with sizes and number requested. A sign up sheet will be at the August General Meeting.**

**August 22<sup>nd</sup>: Women at the Helm - This is a trophy race. Entry fee is \$10/boat. Winner gets a plate on the Women at the Helm trophy donated by Digna Kelly plus a plaque. 2<sup>nd</sup> & 3<sup>rd</sup> get plaques. Race Tees available at \$12.00@. We have both men's tees and tank tops available. If you want a tee – call or email Don Himes with sizes and number requested. A sign up sheet will be at the August General Meeting.**

# Scandia Cup

Saturday August 8, 2009

Captains Meeting: 09:00

South Pavilion - Hudson Beach

Race Start - All Boats: 14:00

Entry Fee: \$15/Boat

Course: Turns 1&2 are Port - T3, 4 & 5 are Starboard after you pass through the Start Line.

- HBYC - Start

T1- FR - 10

T2 - FR - 8

T3 - HBYC - Start

T4 - HBYC - 9

T5 - HBYC - 8

T6 - HBYC - Start (Finish in opposite direction from start)

We will do one trip for an 8.3 nm total course. There will be a cut off time TBA. Plaques will be awarded to the 1<sup>st</sup> 3 placing boats. 1st place name added to Scandia Cup permanent trophy.

Race tees are available for \$12.00. Order from Don Himes or at sign up at August meeting.

This should be a fun course and I look forward to seeing folks come out.

*Don Himes*

*Race Director*

# General Meeting Minutes

July 6, 2009

Monthly HBYC Meeting 7:30 Signal Cove Club House

Commodore Michaux brings the meeting to order at 7:30

Minutes are approved from the last meeting; free tickets for a Boat US membership are distributed at the door.

Paul Kendrick: Scallop hunt on the July 25<sup>th</sup> all participants will rally around Lady in Red 9:30 AM all information can be found in Marker II and on the web site. Sign up sheet is available during the meeting and radio info will be on channel #72. Drawing winner for the Free membership in Boat US was Sandy Mooney.

John Cover spoke regarding lightening-grounding your boat as a safety issue, Jim Kitzler says there are different views on grounding your boat.

Deb Harrison welcomed Guests to the meeting we had 4.

Mercie Lopez thanked, Neva Goodman, Eve Gratton and Jane Sperry for bringing treats for the meeting break. Saturday breakfast has been a success. There will be a meeting July 14<sup>th</sup> for the social club at Mercies' home 7p.m..

Gene Michaux commented on the commodores Poker Run held June 20<sup>th</sup>, 48 people attended, weather was extremely hot! And Cheryl Dering won the \$100.00 poker hand.

Jane Sperry: presented pictures of new products to sell and surveyed members to determine interest.

Guy Colson: 4<sup>th</sup> of July cruise had great weather, 7 boats participated, cook out on "One Tree Island" all extra food was donated to Holy Ground Homeless shelter, Hudson.

Tom Sperry commented on the true spirit of the club -all its members who always

come to the rescue of others. He presented Jim Kitzler with a new putty knife for his help cleaning Tom's prop.

Mystery questions answer was "Red of Boat US spends \$42,000 per year in gas." Shirts for Scandia Cup and Women at the Helm sign up and pay if you want one.

David Zimmer called for any new material for the web site and announced a new feature being able to download your picture album to the site. Bring booty to the meetings for the Treasure Hunt-10/03, to fill the buried trunk.

Mary Reed Marker II deadline is 7/10 for articles and ads placed in Marker II will run 3 months then be dropped.

Don Himes offers a new shirt idea for the club with a screening on the back and HBYC logo on chest, a show of hands proves interest.

Donna Murray thanks all for their support during Joe's double bypass surgery and reminds us to also support David Ergle after his pace maker surgery.

Jack Mooney suggests someone send an article about the club to Southwinds Magazine.

50%-50% run by Tom Sperry drawing won by Hap Harrison.

David Zimmer offers a motion to close the meeting, Jim Kitzler seconds it and the meeting is adjourned at 8:55p.m.

Submitted by substitute Yeoman

Linda P. Baker

7/7/2009

## CRUISING NEWS

Well, the 4<sup>th</sup> of July cruise was another success. No deaths or life-threatening injuries, the weather gods were with us with good weather for the weekend, and we had 7 boats and respective crews in Bellaire to enjoy the fantastic fireworks display at Clearwater this year. And if you weren't able to fill your belly with dogs, brats, and chips at our picnic on "One Tree Island" you have only yourself (or your dietician) to blame!

We don't have any formal club cruises planned for the remainder of July and August, so this might be a good time to catch up on all of the preventive and corrective maintenance chores you have postponed all year.

Labor Day, is on Monday, September 7<sup>th</sup> this year. And although there is nothing on the calendar for a planned cruise that weekend, I am on the lookout for some potential cruise destinations for that weekend. So if anybody has any ideas, please let me know. I am also looking for someone to volunteer to be cruise captain if we decide upon a Labor Day cruise, since my first mate has to work and I'll be unavailable (or should I say "available"?) that weekend.

With all of the inclement weather we've experienced lately, I thought this month's nautical definition should have something to do with predicting the weather. So for this month we are providing a definition for "*Clouds*", which, according to my nautical dictionary are "*Concentrations of water vapor at various levels of the atmosphere, the shapes and sizes of which are often used in predicting weather changes. Thus, a cloud shaped like an umbrella indicates rain, while one shaped as a beach chair indicates sunny weather*".

Have a great summer so let's have fun, and plan on **GETTING OUT THERE!**

*Guy*

## FOR SAIL/WANTED

G E Washer and Dryer. VERY Good condition \$200.  
for both. R C A 27 older portable T V \$75.

Call Helen Bridges 727 -862-4130

22 foot Hurricane deckboat is for sale for

### MYSTERY QUESTIONS !?!

Who was the only man Long John Silver ever feared?

Bonus question ----- why?

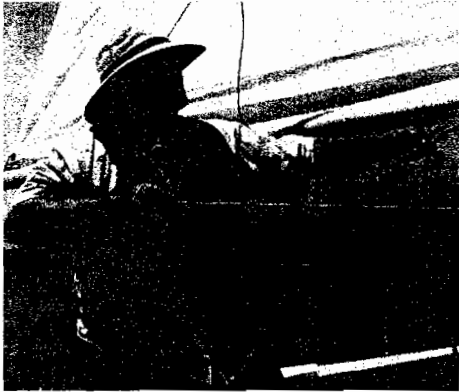

As long as you DO NOT CALL AFTER 9PM!

Call Gene at 862-7799

Right answer = TICKETS

## Meet our Members by: Bonnie Brown, Yeoman

Our members are the most important part of our club. Each month the Marker2 will feature one or two members, from "seasoned sailors" to those who have more recently "come aboard."

### Searchlight on Dave Zimmer

Born in Columbus, Ohio, David moved to the Tampa, FL area at age two. His family eventually settled in Land O' Lakes after one-year stays in both Miami and San Gabriel, CA. David's favorite childhood memory is the year he lived in California. There, he camped in the mountains and took trips to the desert with his Boy Scout troop and went to the auto races with friends.

David graduated from Pasco Comprehensive High School in Dade City, where he played first chair trombone in the band. He attended USF for a time, then completed a two-year program for a degree in computer programming and applications. He had his own computer store at the time and made sure he was fully knowledgeable in the field.

In 1999 David sold his Hudson store and became an information tech specialist with Able Body Labor Corporation. He was happy to have the same income with no overhead, no overtime, and no working weekends. He is now technical operations manager for the employee leasing division, Safe Harbor HR.

David's favorite food is (mom's) meatloaf and his hobby is sailing. He owns ten boats—five sailboats and five dinghies or johnboats. His favorite boat is the 25 ft. catamaran, Cat-Can-Do, that he acquired in 2007 and races for fun.

David's best sailing memory is a 2004 trip to a spoil island off the Dunedin Causeway where he camped out for a week with a group of cat sailors. They had such fun that they now do it every year. Someday he would like to sail to the Cayman Islands, snorkel the clear, blue water and enjoy the un-crowded beaches.

David has served as webmaster of our club for almost two years. He appreciates the members' willingness to share their boating knowledge. The members may be surprised to learn that David lives in two houses. He still lives in his inland home in Shady Hills, but recently bought a furnished house on a canal as a place to park his boat. Enjoy.

### Searchlight on Joann Bliss

One of our newer members, Joann was born in Buffalo, NY and grew up in Woodlawn near Lake Erie. She played clarinet in the school band and was valedictorian at both her grade school and high school graduations. She did so despite having to "home school" herself for six weeks each year when she stayed with her grandparents in Florida.

Joann married her first husband at age 18 and worked at Bucknell University while putting him through college. As an employee, she was able to take some free courses there. During their marriage, they had a son and a daughter and lived in Utica, NY, Syracuse, NY, Huntsville, AL, and Clearwater. They also got into boating (three powerboats) and joined the Clearwater Cruise Club. In 1970 they bought the Hudson Beach Marina.

In 1987 Joanne married Dale Bliss, a shrimp fisherman and finish carpenter. He built a 30 ft. shrimp boat in their backyard, finishing in two years. They would take the boat to Miami and Biscayne Bay, enjoying the Christmas lights. She and Dale ran Early Bird Lawn Service for 11 years before selling it to the Bradfields. Joanne also ran a housecleaning business.

Joanne learned finish carpentry from Dale, who designed and built their home. She was able to measure, fit, and install the baseboards in the houses he helped build. Joanne also helped her husband and son roof her son's house—on Mother's Day!

In 1999, Joann traveled to England and Scotland to meet Dale's family. Although Dale died in 2006, Joann still meets with his local relatives each year at the old-timers' dinner for the founding families of Hudson. Dale's maternal great-grandfather, Isaac Washington Hudson, was the first postmaster in this area and gave our town its name.

Joann's favorite food is Mexican. She is active in her church, Hope Lutheran. Her hobbies include tennis, golf, biking, boating and quilting. Digna Kelly and Mary Del Mar, members of her church quilting group, encouraged Joann to join our club last year. Our club gives her "companionship, new friends, and many social activities." We're so happy to have you, Joanne.

## Recipes

### Scallops on the Half Shell

Mix 1/2 stick of melted butter, 2-3 cloves of chopped garlic, juice from 1 lime or lemon, 1/2 teaspoon of seasoned salt and a few shakes (if desired) of your favorite hot sauce. Remove the top shell from scallop, leaving whole animal in bottom of shell. Spoon 1/2 tsp. of butter mixture over scallop, then broil 4" from heat for 3-4 minutes. Do not overcook. Optional: Clean the scallop leaving only the white meat in the shell. Repeat the above recipe.

### Fried Scallops

Prepare an egg wash by beating 1 egg in 1/2 cup milk. Season wash to personal preference with salt and pepper. Dip scallop meats in egg wash, then coat with any prepared seafood breading. Fry quickly (1-2 minutes) in hot grease (375°). Drain on paper towels.
